

PREFACE

"We have the pleasure to provide this data set to our partners and end users, as one of KRT airport services.

Hoping it will add another image for assessment and evaluation to your business.

Our objective is to improve Airport Service Quality (ASQ)."

Ismail Brema Abd Elsamad
General Director of Sudan Airports Holding .CO

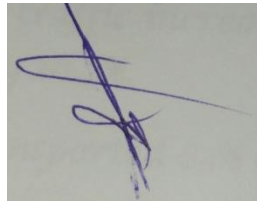

Isam Eldin Ahmed Tahir
General Director of KRT INT Airport

INTRODUCTION

We collected the primary data of traffic and movement and have done some processing to display the simplest form including treatment of data gaps.

Traffic affected by fluctuated economic factors, this year witnessed a notable increase which is not positive anymore and this will appear in the coming tables.

A handwritten signature in blue ink, appearing to read 'SYAID ADAM ELIAN', is centered on a light gray background.

SYAID ADAM ELIAN

Head of Planning, Statistics and Projects G.D

GLOBAL AND REGIONAL TRAFFIC

2017 is another year of above -trend passenger growth.

Revenue passenger kilometers rose 7.6 compared to 2016, capacity rose 6.3 and load factor climbed 0.9 % points to 81.4%.

In the Middle East traffic increased 6.6% and shared the global traffic by 10.7%.

IATA members transported 83% out of the global traffic.

Domestic traffic deteriorated by 14.5%. while the flights cut down 567.

The above tables are bearing the same features of purpose of travel.

The passengers who intended KRT are raised above those who left back, they came for medical treatment by air transport, but returned by land transport due to the high cost of air transport.
